

Job Title: Operator

Salary: Competitive

Location: Fordingbridge, Hampshire

Job Type: Full time, Permanent

About us and the role:

This is an exciting opportunity to join our rapidly expanding business. Corintech is an international company looking for creative, driven and committed individuals to join our production team, preferably with an interest in electronics.

Based in Hampshire, we are a world leader in the design and manufacture of advanced monitoring and data-logging systems, and provide bespoke design and manufacturing services to other market-leading companies.

We are advertising for general Operators in our Assembly department.

Main Duties:

- Hand soldering, testing, conformal coating and other assembly operations
- Running the automated robotic pick and place line including printer and automated inspection (AOI)
- Stock control to support the line
- Generating programmes for new products
- Thick Film Printing
- Printing of resistors, conductors & dielectric pastes
- Laser trimming and both aluminium & gold wire bonding & encapsulation

This role is an ideal opportunity for you to build a career within the Electronics industry.

Training will be provided.

In Return the Company offers a great package including coaching, training and many rewards and benefits.

We offer advantages such as, generous pensions, discretionary bonuses, share option schemes and work experience. Not to mention the efforts we make to make your work life as good as possible including an on-site gym and hair salon, free fruit and freshly ground coffee, various social events and more.

The opportunities are global - with offices in the UK, US and Hong Kong there's no telling what prospects your career with us might give you.

If this role appeals to you and you wish to find out more information please contact: Kelly Strange Kelly.Strange@Corintech.com

Non-smokers only

No Agencies. Any approach from employment agencies will result in deselection from future recruitment opportunities.
