

JOB VACANCY

Automated Line Technician

Fordingbridge, Hants, UK

Do you want to learn new skills in cutting edge technology? Are you excited by new technology and ever wondered what goes into making them? If so, Corintech has just the vacancy for you!

This is an exciting opportunity to join our rapidly expanding business. Corintech are an international company looking for creative, driven and committed individuals to join our production team.

We are looking for a motivated and committed person to become a valuable member of our automated assembly team. You will learn all aspects of our cutting edge, high precision production line, and will enjoy technical challenges in a competitive and busy environment.

You must be a team player with a willingness to learn. You will be working as part of a team dedicated to running our automated manufacturing, ensuring product is delivered on time, to the highest quality standards.

Experience is not required, as full training will be given but this job would suit someone with a technical edge.

In return we offer a competitive salary, together with an attractive benefits package. For further details or to apply, please submit your CV to **personnel@corintech.com**

Corintech is a world leader in the design and manufacture of advanced monitoring and data-logging systems, and provides bespoke design and manufacturing services to other high-tech sectors and market-leading companies. We are forward-thinking and always looking for cutting edge technologies to keep us one step ahead of the market. We believe that by supporting and developing you in your career we are creating a progressive work environment where you can grow within the business.

Corintech is a non-smoking/vaping company.
